Dianthus Therapeutics, Inc. Announces Closing of its Upsized $719 Million Underwritten Public Offering Including Full Exercise of Underwriters' Option to Purchase Additional Shares

March 12, 2026

NEW YORK and WALTHAM, Mass., March 12, 2026 (GLOBE NEWSWIRE) -- Dianthus Therapeutics, Inc. (Nasdaq: DNTH) ("Dianthus" or the "Company"), a clinical-stage biotechnology company dedicated to developing next-generation therapies to transform the treatment of severe autoimmune diseases, today announced that it closed its previously announced underwritten public offering of 8,470,989 shares of its common stock, including the full exercise by the underwriters of their option to purchase an additional 1,157,407 shares, at a public offering price of $81.00 per share, and, in lieu of common stock to certain investors, pre-funded warrants to purchase up to 402,468 shares of its common stock at a public offering price of $80.999 per pre-funded warrant. The pre-funded warrants have an exercise price of $0.001 per share and are exercisable immediately. The aggregate gross proceeds to Dianthus from the offering were approximately $719 million before deducting underwriting discounts and commissions and other offering expenses and advisory fees payable by Dianthus. All of the securities were offered by Dianthus.

Dianthus intends to use the net proceeds from this offering to advance the Company's clinical and preclinical development activities, commercial readiness activities as well as for working capital and general corporate purposes.

Jefferies, TD Cowen, Evercore ISI, Stifel, Guggenheim Securities and William Blair acted as joint book-running managers for the offering. LifeSci Capital acted as Dianthus' financial advisor.

The offering was made pursuant to a shelf registration statement on Form S-3 relating to the securities that was previously filed with the Securities and Exchange Commission ("SEC") and declared effective on January 30, 2026 and a related registration statement that was filed with the SEC on March 10, 2026 pursuant to Rule 462(b) under the Securities Act of 1933, as amended (and became automatically effective upon filing). The offering was made only by means of a written prospectus, including a prospectus supplement, forming a part of an effective registration statement. Cautionary Statement Regarding Forward-Looking Statements

Certain statements in this press release, other than purely historical information, may constitute "forward-looking statements" within the meaning of the federal securities laws, including for purposes of the safe harbor provisions under the United States Private Securities Litigation Reform Act of 1995, express or implied statements regarding Dianthus' expectations regarding the use of proceeds from the public offering and the potential value and clinical benefit of the Company's product candidates. The words "opportunity," "potential," "milestones," "runway," "will," "anticipate," "achieve," "near-term," "catalysts," "pursue," "pipeline," "believe," "continue," "could," "estimate," "expect," "intend," "may," "might," "plan," "possible," "predict," "project," "should," "strive," "would," "aim," "target," "commit," and similar expressions (including the negatives of these terms or variations of them) generally identify forward-looking statements, but the absence of these words does not mean that statement is not forward looking.

Actual results could differ materially from those included in the forward-looking statements due to various factors, risks and uncertainties, including, but not limited to, that preclinical testing of claseprubart and DNTH212 and data from clinical trials may not be predictive of the results or success of ongoing or later clinical trials, that the development of claseprubart, DNTH212 or the Company's other compounds may take longer and/or cost more than planned, that the Company or its partner may be unable to successfully complete the clinical development of the Company's compounds, that the Company or its partner may be delayed in initiating, enrolling or completing its planned clinical trials, and that the Company's compounds may not receive regulatory approval or become commercially successful products. These and other risks and uncertainties are identified under the heading "Risk Factors" included in the Company's Annual Report on Form 10-K for the period ended December 31, 2025, and other filings that the Company has made and may make with the SEC in the future. Nothing in this press release should be regarded as a representation by any person that the forward-looking statements set forth herein will be achieved or that any of the contemplated results of such forward-looking statements will be achieved.

The forward-looking statements in this press release speak only as of the date they are made and are qualified in their entirety by reference to the cautionary statements herein. Dianthus undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events or otherwise, except as required by law.
